

# LANDING

## Command Screen

### HOT-N-READY

Amount of products  
baking in the oven

🎯 Bump to print  
a label for  
the product

### CUSTOM

Custom products,  
digital orders or  
large orders that  
are baking in  
the oven

### RED OUTLINE

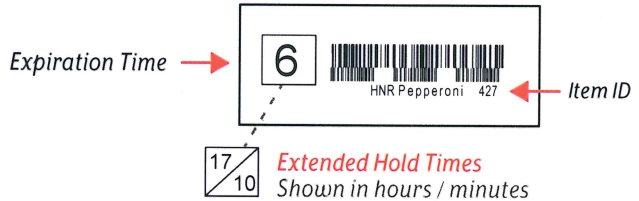

Indicates the product is exiting the oven  
and a label is ready to be printed

### PRODUCT LABELS

Shows name of  
product, item ID  
and expiration time

Label barcode is used  
to scan the product  
when sold

#### WHITE LABELS | HOT-N-READY Products

#### BLACK LABELS | Custom, Queued or Wait for Products

#### P LABELS | Pizza Portal Order

See Portal Card for  
loading instructions

#### L LABELS | Large Order

Only one label will  
print per order; all  
items must be bumped  
for label to print

Product List

A "P" on the Make Ticket indicates Portal order

## EXTRAS

### TRASH

To waste a baked product that  
doesn't meet quality standards

*Press the **Trash** button  
followed by the product's  
button to waste the item*

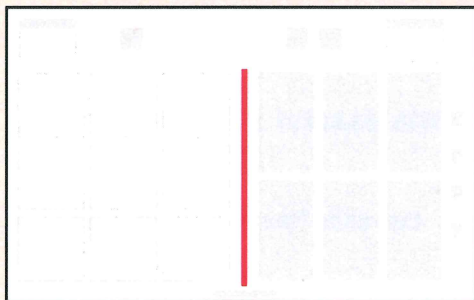

*Can only be used if the  
label was not printed*

### EXPRESS BUMP

If a product exits the oven  
and no label is set to be printed

*Press the **Express Bump**  
button followed by a  
product button to print  
a label with the current  
expiration time*

Expired Items: 175, 185

Expired Items  
Click on the item to Waste it

ID	Item	Description	Date
175	101001	HNR Pepperoni	9/21/2018 12:09:43
185	101002	HNR Cheese	9/21/2018 12:09:43

Waste Selected Close

### WARNING BOX

Shows product item ID  
numbers of expired products

*An alert will sound until  
items listed are wasted.  
Clicking on the box opens the  
Expired Items window. Select  
the item(s) from the list and  
press **Waste Selected**.*

*Only waste items found in  
store; report items not  
found to a manager*
